GLYNT DATA IS ASSURANCE AND AUDIT READY

ALL THE GRANULAR DATA YOU NEED
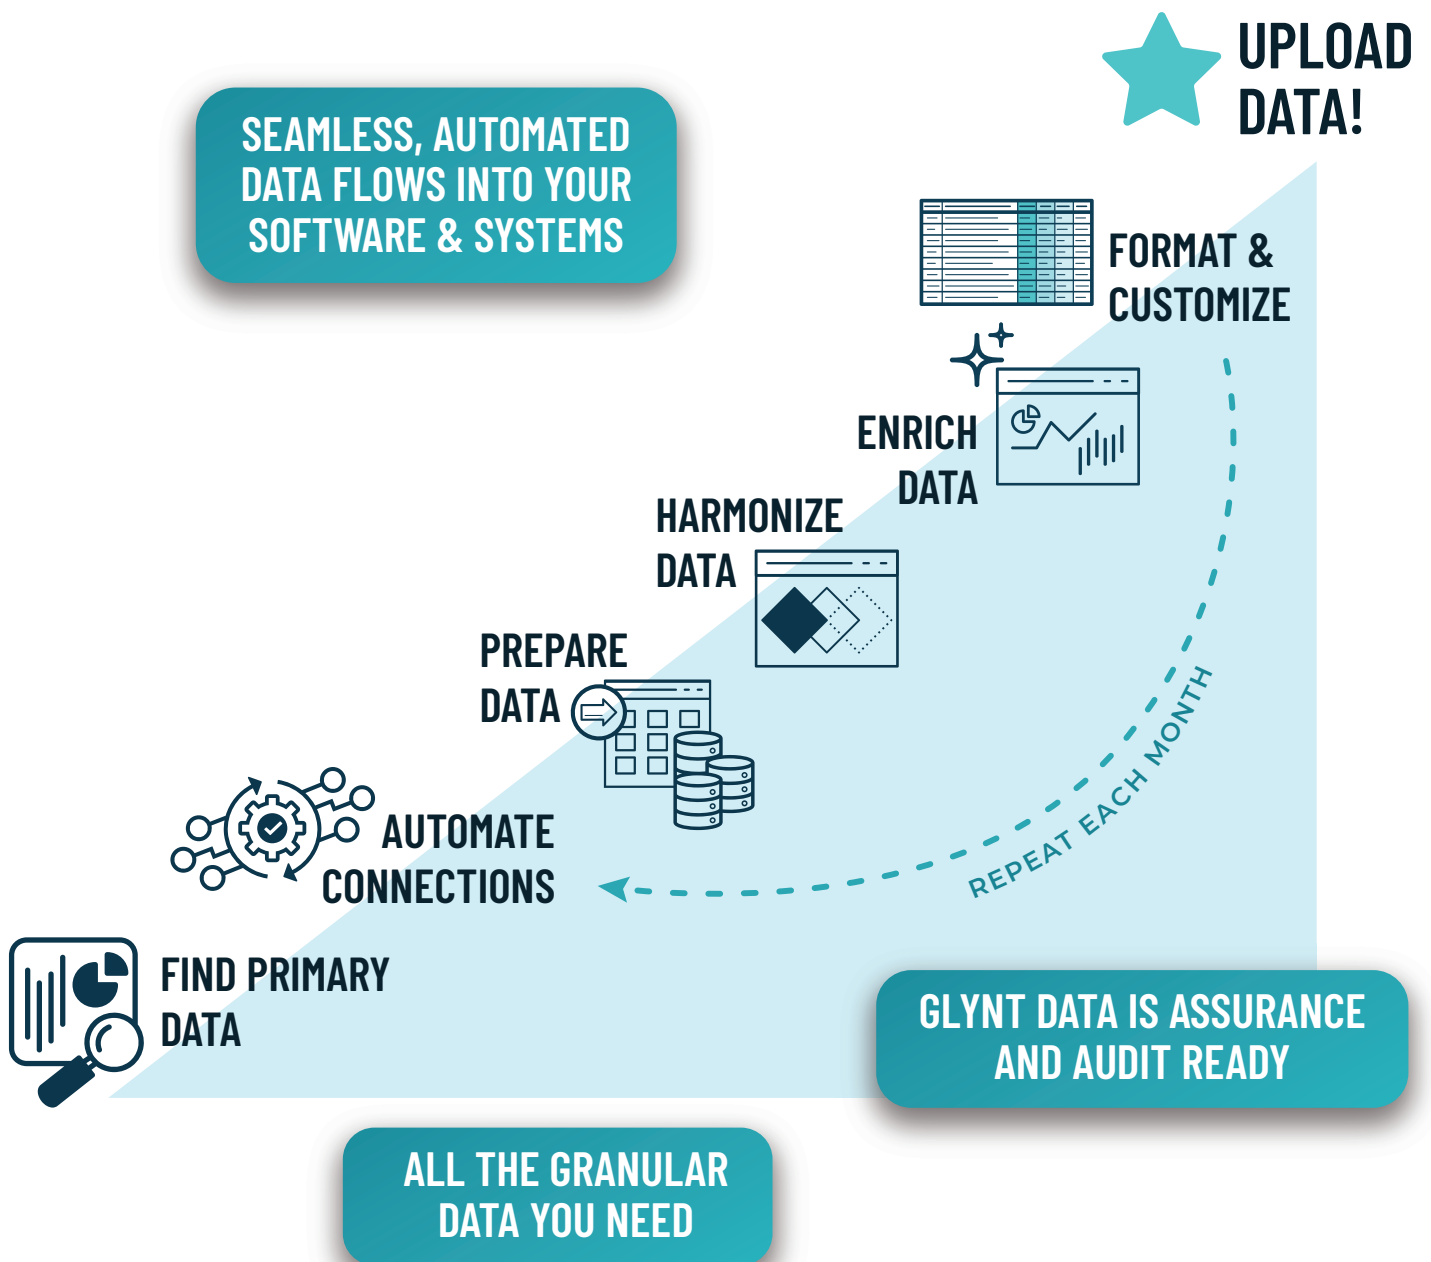

Customized Data from GLYNT.AI

Most customers get GLYNT data in two formats: CSVs to use internally, and automated loads into designated system.

Our data flows seamlessly into the software you already use

Trusted Data Reports
from GLYNT.AI

ACCURACY

Your data, our tests. Transparent reporting.

Data Accuracy From PDF to Data	**Seamless Data Flows** No Loading Errors!
Data Validation Check for Conformance	**Data Gaps** Minimize Estimates

COMPLIANCE

Audit-ready reports. SOX-level controls.

Weekly Project Status Project Status Updates	**Exceptions** What Was Not Processed and Why
Chain of Custody Was Everything Processed?	**Change Management** Assets and Data Sources

The Demands on Sustainability Data Have Increased *Significantly*

In 2020

In 2024

In 2020	In 2024
Voluntary Reporting	Required Reporting to Investors, Customers & Regulators
Annual Reporting	Year-Round Requests and Deadlines
Spreadsheets and *Ad Hoc* Data Preparation	Accurate, Audit-Ready Data Required
High-Level Reduction Goals	Cost-Effective, Detailed Reduction Plans Required
Weak Link from Reporting to Value	Investors Make Money on Sustainability Data
